

Corporate Governance Report 2015

Corporate governance concerns the regulations and structure established to govern and manage a company in an effective and controlled manner. Corporate governance is primarily aimed at meeting the shareholders' requirements with regard to returns on their investment, and at providing all interested parties with comprehensive and correct information about the company and its development. The Corporate governance of Auriant Mining AB (publ) is based on the Swedish Companies Act, the Swedish Corporate Governance Code, the Articles of Association and other relevant laws and rules. Auriant Mining AB (publ) (in this corporate governance report also referred to as "Auriant", the "Company" or the "Parent Company") is a Swedish public limited liability company with its registered office in Stockholm, Sweden and with business operations primarily in Siberia, Russia. Auriant was formed in 2004 and listed on the NGM Equity, Nordic Growth Market on March 29, 2005 under the name Central Asia Gold AB (publ). Since July 19, 2010, Auriant's shares have been listed on the Swedish stock exchange, NASDAQ OMX First North Premier. The shares are traded under the abbreviation "AUR". Auriant applies the majority of the rules of the Swedish Corporate Governance Code (the "Code"). Any significant deviations are detailed in the Company's corporate governance reports. The Code is based on the "comply or explain" principle, which implies that companies applying the Code can deviate from specific rules, but they must provide an explanation for such deviation. Governance, management and control responsibilities in Auriant are divided between the shareholders at the Annual General Meeting of shareholders (or any Extraordinary General Meeting), the Board of Directors and the Chief Executive Officer.

THE SHAREHOLDERS' MEETING

The shareholders' right to decide on Auriant's business is exercised at the Shareholders' Meeting of the Company, which is the Company's highest decision-making body. The Board of Directors is appointed by the Shareholders' Meeting and the Chief Executive Officer is appointed by the Board of Directors. The Shareholders' Meeting has a sovereign role over the Board of Directors and the Chief Executive Officer. The duties of the Shareholders' Meeting include the election of Members of the Board, the approval of principles for the appointment of the Nomination Committee, the adoption of income statement and balance sheet, resolutions on appropriation of profits and discharge from liability for the members of the Board and the Chief Executive Officer of the company, the determination of fees payable to the members of the Board and to the auditors and the principles governing remuneration for

the Chief Executive Officer and senior executives, the election of auditor and, where relevant, the amendment of Articles of Association.

ANNUAL GENERAL MEETING IN 2016

The Annual General Meeting of the shareholders will be held on Thursday, May 12, 2016, at Näringslivets Hus, Storgatan 19, Stockholm. The AGM will start at 14:30, and the doors will open at 14:00. The annual report for 2015 will be available on the Company's website as of April 21, 2016.

NOMINATION COMMITTEE

The role of the Nomination Committee is to present proposals to the AGM for: (i) the election of AGM Chairman; (ii) the number of members of the Board; (iii) the election of the Chairman of the Board and other

Board Members; (iv) Board fees, allocated between the Chairman and other Members; (v) any remuneration for committee work; and (vi) the election and payment of auditors and alternate auditors (where applicable). In addition, the Nomination Committee shall make proposals for decisions regarding principles to be applied in establishing a new Nomination Committee.

The principles for the appointment of the Nomination Committee were approved by the AGM of May 12, 2015, as follows. The Nomination Committee shall consist of the Chairman of the Board and three other Members, each representing one of the three owners with the largest voting power. The selection of the three largest shareholders shall be made on the basis of the share register of the Company kept by Euroclear Sweden AB as of the last banking day in September 2015. At the earliest convenient date after the end of September 2015 the Chairman of the Board shall contact the three shareholders with the largest number of voting rights, as determined above, and will request that they each appoint a member to the Nomination Committee. If any of the shareholders decline their right to appoint a member to the Nomination Committee, the shareholder with the next largest voting power shall be provided with the opportunity to appoint a member. Unless the Nomination Committee members decide otherwise, the chairman of the Nomination Committee shall be the member representing the shareholder with the largest voting power in the Company. If a member leaves the Nomination Committee before its work is completed, and if the Nomination Committee deems that it is necessary to replace this member, then the Nomination Committee shall appoint a new member.

No remuneration shall be paid to the members of the Nomination Committee. The Nomination Committee may charge any reasonable expenses for travel and investigations.

The Nomination Committee for the 2016 AGM has been comprised of Lord Peter Daresbury, Chairman of the Board, Erik Wigertz representing Bertil Holdings Ltd, and Bernt Plotek representing Svea Lands S.A. and himself. As one of the three largest shareholders decided not to appoint a member, an opportunity to do so was offered to the fourth largest shareholder, who did not respond to the request. The Nomination Committee was duly constituted by the three members appointed as above.

The Nomination Committee works in the best interests of all shareholders of the Company and focuses on ensuring that the Company's Board of Directors is comprised of members who possess the knowledge and experience corresponding to the needs of the Company.

It should be noted that the Company has had difficulties in establishing contact with shareholders because a number of large shareholders hold their shares through nominees. The Company encourages those shareholders who wish to appoint a representative to the Nomination Committee and believe that they may be entitled

to do so in accordance with the applicable rules, to contact the Group General Counsel at general.counsel@auriant.com. The applicable rules can be found in the minutes of the most recent Annual General Meeting, which are available on the Company's website.

BOARD OF DIRECTORS

In accordance with the Swedish Companies Act, the Board of Directors is responsible for the organisation of the Company and the administration of the Company's business, and shall continually assess the Company's and the Group's financial situation. The Board of Directors deals with issues of material significance, such as business plans including profitability targets, budgets, interim reports and annual reports, the acquisition or sale of companies, significant property acquisitions or sales, the establishment of important policies, the structure of internal control systems, and significant organisational changes. Each year, Auriant's Board adopts written rules of procedure for the Board of Directors, written instructions to the Chief Executive Officer, written instructions regarding financial reporting and a Chart of

Authority further detailing the division of work between the Board and the Chief Executive Officer. The rules of procedure regulate, among other things, the Board's duties, the minimum number of Board meetings each year, the manner in which meetings are to be notified and the documents required to be distributed before Board meetings and the manner in which the minutes of Board meetings are to be drawn up. The written instructions regarding financial reporting regulate the reporting system in place, as the Board needs to be able to continually assess the Company's and Group's financial position. The written instructions to the Chief Executive Officer together with the Chart of Authority regulate the division of work, authorities, and responsibilities between the Board and the Chief Executive Officer.

According to the Articles of Association, the Board of Directors shall comprise a minimum of three and maximum of ten ordinary Members, and not more than five Deputy Board Members, elected by the Annual General Meeting.

During 2015, Auriant's Chairman of the Board led the Board's work and ensured that the Board fulfilled its duties. The Chairman of the Board has continually followed the Group's business and development through contact with the Chief Executive Officer.

MEMBERS OF THE BOARD OF DIRECTORS

At year-end 2015, Auriant's Board was comprised of four ordinary Board Members, Andre Bekker, Peter Daresbury, Ingmar Haga and Preston Haskell, and one Deputy Board Member, James Provoost Smith Jr., all elected by the Annual General Meeting on May 12, 2015. The members of the Board are presented in more detail in the Board of Directors section of the annual report, and the details of the members' independence vis á vis the Company and its management are presented below.

THE BOARD'S WORK IN 2015

The Board held 18 meetings in 2015. Eight of them were held by correspondence, 6 by telephone and 4 meetings were held in person. The important issues dealt with by the Board in 2015, in addition to the approval of the annual report and the interim reports, and approval of the budgets, were as follows:

- The Company's financial position and liquidity
- Strategic decision-making
- Approval of agreements on grant of powers of sole executive body of LLC "Valunisty Mine" and LLC "KAS" to LLC "Auriant Management" (the "Chukotka Management Contract")
- Approval of the Call Option Deed in respect of 50% of shares in Tracey Investment Limited, which was to become the sole participant of LLC "Valunisty Mine" and LLC "KAS", as well as LLC "North Subsoil", LLC "Mangazey" and LLC "Nord-East Mining and Geological Company" (the "Chukotka Option Agreement")
- Approval of USD 2.5 million credit line, provided by Promsvyazbank to LLC "Tardan Gold"
- Approval of other major contracts, in accordance with the Chart of Authority
- Preparation for the Annual General Meeting.

The Board during the year conducted an evaluation of its work under the guidance of the Chairman of the Board. Going forward the evaluation will be carried out on the basis of a self-assessment questionnaire. The questionnaire will be circulated to the Board in the beginning of the year. Each ordinary board member and deputy board member is to complete the ques-

tionnaire independently. Responses are to be collated by the Chairman of the Board who would then lead a discussion of the key points arising from the questionnaire, especially those areas which need improvement. This will normally be done at the last Board meeting with personal attendance before the AGM. Completed questionnaires are also to be provided to the Nomination Committee. The evaluation ensures that the basic intentions of the Code of Corporate Governance are followed.

The remuneration shall vary in relation to the performance of the individual and the Group. The total remuneration to the Group Management shall consist of the components stated below.

Long-term incentives

The board of directors intends, on a regular basis, to assess the need of long-term incentive programmes that shall be proposed to the general meeting. (For details on the long-term incentive programs established in the Company please see the following section of this corporate governance report.)

Insurable benefits

Old-age pension, healthcare benefits and medical benefits shall, if applicable, be prepared in a manner that reflects the rules and practice in the home country. If possible, the pension plans shall be premium determined. In individual cases, depending on the tax and/or social insurance laws which apply to the individual, other adjusted pension plans or pension solutions may be approved.

Other benefits

The company shall be able to provide individual members of the Group Management or the entire Group Management with other benefits. These benefits shall not constitute a substantial part of the total remuneration. The benefits shall further correspond to what is normal on the market.

Termination and severance pay

Notice of termination of employment shall be no more than twelve months upon termination initiated by the Group and no more than six months upon termination initiated by a member of the management. Severance pay may only be paid out upon termination by the Company or when a member of the Group Management resigns due to a significant change of his/her working conditions, which means the he/she cannot perform adequately.

Derogation from the guidelines

The Board shall be entitled to derogate from these guidelines if special reasons exist in an individual case.

For more information regarding the remuneration of the Chief Executive Officer, senior executives and other employees, please see Note 4 on page 81 of the annual report.

LONG-TERM INCENTIVE PROGRAMS

The Board regularly evaluates the need for long-term incentive programs. Currently, the following long-term incentive programs are established in the Company:

- the long-term incentive program for the Chief Executive Officer and the Chief Investment Officer of the Company, adopted at the Extraordinary General Meeting on November 27, 2012;
- the long-term incentive program for the members of management and a number of other employees, adopted at the Annual General Meeting on May 15, 2013;

AUDITOR

The AGM appoints an auditor of the Company. The auditor's task is to examine the Company's annual financial statements and accounts, as well as the administration and management by the Board and the Chief Executive Officer. The AGM of May 12, 2015 appointed, for a period until the 2016 AGM, PwC as the Company's auditors. The responsible auditor at PwC is Authorized Public Accountant Martin Johansson.

The audit is conducted in accordance with International Standards on Auditing and generally accepted auditing standards in Sweden.

The audit of the annual accounts is conducted during the period from February to April of the following year, and also includes a review of the nine-month bookclosing in November of the financial year in question.

INTERNAL CONTROL

Internal control is often defined as a process that is influenced by the Board, the company management and other staff, and which is developed to provide reasonable assurance that the company's targets are being met in terms of the business operations being both appropriate to the goals of the company and being efficient. Reasonable assurance is also to be provided as regards the reliability of the financial reporting and compliance with relevant laws and regulations. Internal control consists of various aspects: control environment, risk assessment, control activities, information and communication, as well as monitoring.

Control environment

The control environment primarily consists of the organisational structure, the assignment of responsibility and powers, management philosophy, ethical values, staff competence, policies and guidelines, as well as routines. In addition to the relevant legislation, the framework within which Auriant's Board and management work is comprised of the owners' aims and the Swedish Corporate Governance Code. The formal decision-making procedure is based on the division of responsibility between the Board and the CEO, which the Board establishes each year in the form of written instructions to the Chief Executive Officer and the Chart of Authority. The CEO is able to delegate a degree of

decision-making to other senior executives. Two members of the Board have the authority to sign on behalf of the Company. Furthermore, the CEO, in his normal business activities, is also entitled to sign on behalf of the Company.

Risk assessment

A structured risk assessment makes it possible to identify material risks having an effect on internal control with regard to financial reporting and where these risks exist within the organisation. Auriant's Board continually assesses the Company's risk management, by assessing the preventative measures needed to be taken to reduce the Company's risks. This involves, for example, ensuring that the Company has appropriate insurance and that the Company has the necessary policies and guidelines in place.

Control activities

Control measures are required to prevent, detect and correct errors and discrepancies. Each quarter, Auriant Mining's Finance Department compiles financial reports providing details of earnings and cash flow for the most recent accounting period at subsidiary and Group level. Deviations from budget and forecasts are analysed and commented on. Documented processes exist for the compiling of the information on which the financial reports are based. Detected errors and discrepancies are analyzed and followed up.

Monitoring

Financial monitoring is carried out on a quarterly basis for all profit centres and at Group level. In addition, Group management receives operational results on a weekly and monthly basis. Monitoring is, then, carried out in comparison with budgets. Auriant is a mining company in its early stages, which is why no earnings or sales forecasts are currently provided externally. Targets for the expected volume of gold production for the full year are initially set during the budgeting process at the end of the previous year. Normally, these targets are, again, reviewed and revised if necessary in the summer months when production has begun in earnest.

The Board on a weekly, monthly and quarterly basis receives the operational reports, including plan-to actual analysis, of the Group. Financial reports of the Group, including profit and loss statements, cash flows, and statement of financial position, are analyzed by the Board on a quarterly basis. The Board continuously evaluates the information provided by the Company management. Each month the CEO reports to the Board on the Company's performance with regard to the targets in the budget.

Given its size, the Company has chosen not to establish a separate internal audit unit. If the Board finds it appropriate, internal control will be further expanded. The issue of internal control and a separate internal audit unit is annually reviewed by the Board and will be discussed again in 2016.

A revised Swedish Corporate Governance Code (the “Code”) applies since November 1, 2015.

THE MAIN INSTANCES WHERE AURIANT DID NOT COMPLY WITH THE THEN APPLICABLE CODE IN 2015 WERE AS FOLLOWS:

Code rule 1.1 provides that the date and venue of the annual general meeting are to be posted on the company’s website not later than in conjunction with the third quarter report.

The date of the annual general meeting 2015 was posted on the Company’s website on February 4, 2015 and not in conjunction with the third quarter report. It is considered that the shareholders were nevertheless given sufficient time to plan their attendance at the AGM, which was held on May 12, 2015. However the Company intends to follow Code rule 1.1 in future and has complied with it in relation to the 2016 AGM.

Code rule 6.1 provides that the Chairman of the Board is to be elected by the shareholders meeting.

In Auriant, the Board is responsible to elect its Chairman. It is believed to be in the Company’s best interest that the Board is responsible for the election of the Chairman since this increases the flexibility of the Board’s work.

Code rule 9.2 provides that except for the Chairman of the Board who may chair the Remuneration Committee, the other shareholders’ meeting-elected members of the Committee are to be independent of the company and its executive management.

The Board member, Mr. Preston Haskell, who is not independent in relation to the Company and executive management in accordance with the criteria set out in Code rule 4.4, was a Chairman of the Remuneration Committee in 2015. Mr. Haskell’s involvement in the Remuneration Committee is considered to be in the best interests of all shareholders of the Company for the following reasons. Mr. Haskell is himself the largest shareholder in the Company, holding, through companies, 52.32% of its shares, and has significant knowledge and experience of executive remuneration issues. Mr. Haskell is not a member of the executive management of the Company since May 2012.

Code rule 9.7 (9.8 in the previous version of the Code) provides that share- and share-price-related incentive programmes are to be designed so that the vesting period or the period from the commencement of an agreement to the date for acquisition of shares, is to be no less than three years.

The Annual General Meeting on May 12, 2015 approved the long-term incentive program for the Company’s Board of Directors and the long-term incentive program for the members of management and a number of other employees. Each of those programs, as well as other existing long-term incentive programs listed above in this report, provide for a vesting period that is less than three years.

It was considered to be in the best interest of the Company and all of the shareholders to create a greater

participatory interest for the members of the Board of Directors, CEO and a number of other members of management and employees by offering incentive programmes with a shorter period for acquisition of shares and/or shorter vesting period, than the period recommended by the Swedish Code for Corporate Governance.

Code rule 9.7 (9.8 in the previous version of the Code) further provides that remuneration of non-executive Board members is not to include share options.

The Annual General Meeting on May 12, 2015 approved the long-term incentive program for the Company’s Board of Directors, which includes stock options. It was considered to be in the best interest of the Company and all shareholders to adopt such incentive program for the following reasons. The Company has been successful in recruiting non-executive board members who are highly qualified and experienced. For a company the size of Auriant to be able to attract such quality individuals, a key factor has been the potential offering of stock options. Furthermore, this method of reward will save cash for the Company, which, as a growing junior mining company, has limited free cashflow and thus, is not in a position to offer higher board fees or synthetic stocks to Board members. The ownership of these stock options will also align the interests of the non-executive board members to those of the shareholders.

PROPOSAL FOR LOSS DISTRIBUTION

The Group’s equity at year-end 2015 amounted to MSEK –353.8, of which the share capital is MSEK 2.003.

In the Parent Company the unrestricted shareholders equity amounts to:

	SEK
Share premium reserve	624,339,684
Translation difference reserve	-126,618,277
Retained earnings	-608,111,754
Net income for the year	71,957,695
Total unrestricted equity	-38,432,652

The Board of Directors and the Chief Executive Officer propose that the Parent Company’s accumulated losses are carried forward and that no dividend is paid for the financial year.
