

PRESS RELEASE  
Stockholm, June 14th, 2019

**Auriant Mining AB (publ.)**  
**A new Exploration license has been obtained (Ayen Creek Basin)**  
**for an area adjacent to the Kara-Beldyr Deposit**

- Auriant Mining AB (publ) is pleased to announce that it has obtained a new exploration license for the Ayen creek basin (of 9 square km), via its subsidiary LLC “Tardan Gold”.
- The Ayen creek license is adjacent to the existing Kara-Beldyr license to the North-East.
- The license was awarded by Rosnedra (Ministry of Mines) without an auction.

The value of this license will depend on an initial assessment of its geological potential. This is based on the assumption that the fault structures which host the Gordeevskoye and Lagernoye deposits continue through the hill toward the Ayen creek area. Sediment tests of the creek bed show increased amount of gold down the creek flow after its intersection with the supposed fault structures.

We estimate that exploration will take 4 to 5 years. In the case of the successful exploration of mineable gold resources, these resources would be mined and processed using the infrastructure of the Kara-Beldyr mine.
